

Prices for Flight Instruction at Colorado Highland Helicopters

We Keep It Simple!

\$750.00 per hour for below hours with

10% discount for blocks of 10 hours or more prepaid

20% discount for blocks of 20 hours or more prepaid

FAA requires 40 flight hours minimum to obtain a private certificate

FAA requires 150 flight hours minimum to obtain a commercial certificate (previous 40 included)

Other instruction with training at CHH covered within initial 150 hours toward commercial:

- Turbine Transition Course
- Mountain Flying Course
- Search and Rescue Course
- External Load Course

Colorado Highland Helicopters also offer CFI and CFII certificates (certified flight instructor and certified flight instrument instructor)

Colorado Highland Helicopters will tailor your education to your requirements. No add on hours will occur at the end of your commercial for any of the above mentioned four courses. They will be included in the first 150 hours of training.

Fees for fuel and other combustibles are absorbed into the hourly fee.

Prices do not change to reflect dual or solo time.

The flight hour price also includes 30 minutes of ground school for every 1 hour of flight.
